## Memorandum

---

**To:** All Policyholders, Brokers, Claim Administrators and Stop Loss Insurance clients  
**From:** Life & Health Division of *The Union Labor Life Insurance Company*  
**Date:** September 14, 2015  
**Re:** ICD-10 Trigger Diagnosis List

---

Please find attached the ICD-10 Trigger Diagnosis list, which was released by Self-Insurance Institute of America, Inc. (SIIA) on September 2, 2015. This is response to the federal requirement to use ICD-10 codes for claims with dates for service of October 1, 2015 or later. Claim administrators should 'map' their systems in anticipation of this change.

***The Union Labor Life Insurance Company*** has updated its claim systems to comply with this requirement. To allow our policyholders minimal impact on their processes however, both our Underwriting and Claims Departments are ready to accept reports and notices with ICD-9 or ICD-10 code sets.

The Stop Loss Disclosure package has been revised to include both the current ICD-9 as well as the new ICD-10 diagnosis codes list. The revised package will be used for all new businesses and renewal stop loss proposals and will continue to include the ICD-9 codes list until all claims administrators have finalized the conversion in their claim systems.

If you have any questions, please contact your respective Account Managers.
